

	Product Number	Grade	Total Thickness (Mils)	Available Colors	Principle Uses	Long Roll Size(s)
Cohere	1080	Economy General	1.8	Tan or Clear	Sealing light to moderate weight cartons subjected to usual shipping hazards in a wide range of temperatures.	48mm x 914M 48mm x 1371M 72mm x 914M
	1082	Economy Standard	2.0	Tan or Clear	Sealing medium weight cartons subjected to usual shipping hazards in a wide range of temperatures.	48mm x 914M 48mm x 1371M 72mm x 914M
Supreme	1160	Economy	1.7	Tan or Clear	Sealing light weight cartons subjected to minimal shipping hazards in a wide range of temperatures.	48mm x 914M 48mm x 1371M 72mm x 914M
	1180	General	1.8	Tan or Clear	Sealing light to moderate weight cartons subjected to usual shipping hazards in a wide range of temperatures.	48mm x 914M 48mm x 1371M 48mm x 1829M 72mm x 914M
	1181	Industrial	1.9	Tan or Clear	Sealing light to moderate weight cartons subjected to usual shipping hazards requiring a higher level of performance over 1180	48mm x 914M
	1182	Standard	2.0	Tan, Clear & Other Colors	The industry standard for sealing medium weight cartons subjected to usual shipping hazards in a wide range of temperatures. Other colors available: Red, Orange, Yellow, Green, Blue, Black & White	48mm x 914M 48mm x 1371M 48mm x 1829M 72mm x 914M
	1241	High Performance	2.3	Tan or Clear	Sealing medium weight cartons subjected to usual shipping hazards where a high level of sealing performance is required.	48mm x 914M 72mm x 914M
	1242	Premium	2.4	Tan or Clear	Sealing medium weight cartons subjected to rough shipping conditions in a wide range of temperatures.	48mm x 914M 72mm x 914M
	1352	Heavy Duty	2.8	Tan or Clear	Sealing large, heavy or bulky cartons subjected to usual shipping conditions or where the content value requires a very high level of sealing performance.	48mm x 914M 72mm x 914M
	1535	Premium Heavy Duty	3.1	Tan or Clear	Sealing large, heavy or bulky cartons subjected to usual shipping conditions or where the content value requires a very high level of sealing performance.	48mm x 914M 72mm x 914M
	Supreme Printed	1248	Standard	2.0	Clear or White	Lock in printing process; preprinted message in Red lettering with diagonal stripes: Security Closure .
1247		Standard	2.0	Tan, Clear & Other Colors	Custom printed tape with your message for sealing medium weight cartons subjected to usual shipping hazards. Other colors: Red, Orange, Yellow, Green, Blue, Black & White	48mm x 914M 48mm x 1371M 48mm x 1829M 72mm x 914M
1257		High Performance	2.3	Tan, Clear or White	Custom printed tape with your message for sealing medium weight cartons requiring a high performance while being subjected to usual shipping hazards	48mm x 914M 48mm x 1371M 72mm x 914M
1355		Heavy Duty Grade	2.8	Tan, Clear or White	Custom printed tape with your message for sealing large or heavy weight cartons while being subjected to rough shipping hazards.	48mm x 914M 72mm x 914M
1555		Premium Heavy Duty	3.1	Tan, Clear or White	Custom printed tape with your message for sealing large, bulky and heavy cartons while being subjected to rough shipping hazards.	48mm x 914M 72mm x 914M
Adhere	1616	Economy	1.6	Clear	For sealing light weight cartons subjected to minimal shipping hazards. Limited temperature range and aging characteristics.	48mm x 914M 48mm x 1371M 72mm x 914M
	1619	Industrial	1.9	Clear	For sealing medium weight cartons subjected to usual shipping hazards. Limited temperature range and aging characteristics.	48mm x 914M 48mm x 1371M 72mm x 914M

STA Supreme™ Tape Heads

For strength and corrosion resistance, STA Supreme Tape Heads are manufactured from stainless steel and anodized aluminum. Tape wipe down and knife guard assemblies each have zinc-coated springs for increased processing integrity.

STA Supreme Tape Heads are designed to process the broadest range of pressure sensitive tapes. The tape core mandrel and one-way clutch are preloaded on assembly and require no further adjustment. For special processing applications, adjustments are made by adding or removing stainless steel compression spring washers.

REPLACEMENT PARTS	
MAIN SPRING	5007-02-5076
KNIFE SPRING	5001-02-5076
WIPEDOWN ROLLER 2"	3802-05-5000
WIPEDOWN ROLLER 3"	3803-05-5076
KNIFE BLADE 2"	6301-16-5000
KNIFE BLADE 3"	6302-16-5076
BLADE GUARD SPRING	5002-02-5076

NOTE: TAPEHEAD SERIAL NUMBER

List of Replacement Parts provides fast and easy reordering

STA Supreme Tape Heads are pre-engineered for interchangeability and installation in most models of domestically manufactured and imported case sealing machines.

Integrated self-compensating "Tape Un-Wind Roller" reduces noise and ensures constant tape control and application performance.

Molded wipe down rollers provide maximum toughness and durability. The adjustable wipe-down brush increases case sealing performance by maximizing initial corrugated fiber pull properties.

Ground stainless steel shafts and SAE 841 bronze flanged bearings eliminate the need for lubrication. Stainless steel shafts and fasteners have socket head screws for serviceability.

Case actuated knife guarding for increased operator safety. Nickel plated / teflon-impregnated knife blades eliminate the need for lubrication.

Convex tape shoe eliminates tape fall over regardless of installation position. Excellent performance when processing lightweight tapes in excessive temperature ranges and adverse operating conditions.
